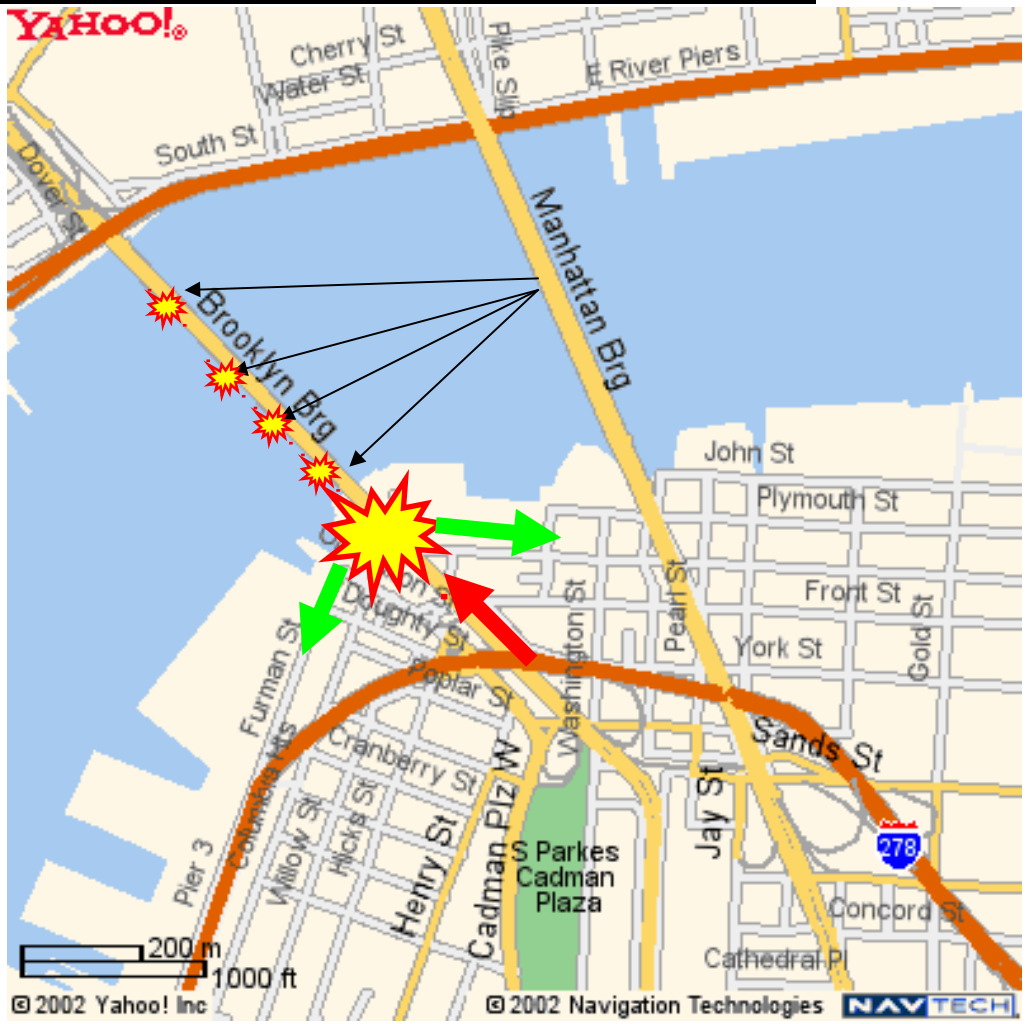
- HQMC & NYPD assumed white cell and higher HQtrs role for USMC & NYPD forces
- Red cell "what-if'd" each response
- NSSE – factor in time/space
- Hot wash-up



After Action

Plans, Policies & Operations

NYPD

- Need to enhance city's decon capabilities.
- Need to be specific when requesting assistance.
- Need to work out common terminology.
- Liaison is critical for mission success.
- Incompatible comm equipment is potential problem.
- NYPD needs support getting clearances.
- NYPD requires classified comms (i.e.. Secure Telephone Unit, Third Generation (STU-III phones); SIPRNET.
- NYPD would like CBIRF to train with them

Mission: San Francisco

- **Conduct an assessment of a another major metropolitan area to:**
  - **identify support available to DoD in the event of deployment in response to a national special security event (NSSE), homeland defense (HD) or consequence management (CM) /Military Supt to Civil Authorities (MSCA)**
  - **identify typical assets that would be available to augment DoD**

KNOWLEDGE MANAGEMENT TOOL (KMT) or DoD "COMMANDER'S HANDBOOK"

Plans, Policies & Operations

16 Sections on Domestic Support Operations

- **12 Emergency Support Functions (ESF) & DoD Supporting Roles**
- **Generic Disaster Response Cycle**
- **JTF-CS Mission & Role**
- **Law Enforcement & DoD relationship**
- **Posse Comitatus Information Paper**
- ***Could be used by City Planner to better understand DoD support/capabilities***
